

Bard Electrophysiology

Friday, 4 October 2013 (18:00-20:00, Room S421)
[116] Bard Symposium (EP Tracing)
 Speakers: Eric Prystowsky (USA), George Klein (Canada)
 More details to be announced

Biosense Webster

Wednesday, 2 October 2013 (13:00 – 18:00, Room S221)
Carto Club

- Chairpersons: Hui-Nam Park (Korea), David Burkhardt (USA)*
- Strategies of Ablation Therapy for Scar-Related Ventricular Tachycardia**
Akihiko Nogami (Japan)
 - Role of Unipolar Mapping in Ablation of Ventricular Outflow Tract Tachyarrhythmias**
Xing-Peng Liu (China)
 - Left Ventricular Summit PVC**
Joseph YS Chan (Hong Kong)
 - Case Review on Non Ischemic His Purkinje VT with Carto 3 Mapping System**
Ki-Byung Nam (Korea)
 - Application of Signal Analysis in the Catheter Ablation of Arrhythmogenic Right Ventricular Cardiomyopathy**
Yenn-Jiang Lin (Taiwan)
 - Mapping & Ablation Non-Cardiomyopathy VT**
Hygriv Rao (India)

Chairpersons: Chang-Sheng Ma (China), Yen-Bin Liu (Taiwan)

- High Efficacy of Contact Force-Monitoring Ablation of Atrial Fibrillation: Comparison of Contact Force-Blinded and -Guided PV Isolation**
Ken Okumura (Japan)
- Voltage Mapping of Left Atrium and a Novel Approach of Individualized Substrate Modification for the Treatment of Long-Standing Persistent Atrial Fibrillation**
Xin-Hua Wang (China)
- AF with Smart Touch**
Soñan Johar (Brunei)
- Multi-Focal AT Cases with C3 Case**
Hyoung-Seob Park (Korea)
- Ablation of Atypical Atrial Flutter in a Patient with Rheumatic Heart Disease**
Jian-Juin Chen (Taiwan)
- Topic to be announced**
Ivan Ho (USA)
- Topic to be announced**
Tae-Joon Cha (Korea)

Thursday, 3 October 2013 (12:20 - 13:50, Hall 5G, Room B)

[028] Luncheon Symposium - Smart Touch

Chairpersons: Kyoko Soejima (Japan), Shu Zhang (China)

- The Importance of Contact Pressure**
Andrea Natale (USA)
- Presentation 2**
Feifan Ouyang (Germany)

Thursday, 3 October 2013 (13:50 - 15:30, Room S421)

[033] Live Transmission

More details to be announced

Biotronik

Saturday, 5 October 2013 (10:40 - 12:20, Hall 5G, Room C)
[133] Home Monitoring of Cardiac Devices: Curse or Cure? – A Review of Practical Issues When Integrating Remote Monitoring into Daily Clinical Practice

Chairpersons: Niraj Varma (USA), Shu Zhang (China)

- The Importance of Remote Monitoring and the Implication of Trial Results on Daily Clinical Application**
Niraj Verma (USA)
- How to Overcome Challenges for Integrating Home Monitoring into Clinical Practice**
Vince Paul (Australia)
- Evaluation of an Appropriate BIOTRONIK Home Monitoring Clinical Workflow – A Real Life Example**
Ke-Ping Chen (China)
- What are the Long-Term Effects When Running a Remote Monitoring Clinic?**
Eiichi Watanabe (Japan)

BMS/Pfizer Alliance

Friday, 4 October 2013 (12:20 - 13:50, Hall 5G, Room A)
[086] Luncheon Symposium - Dawn a New Era of Oral Anticoagulation in Asia
Chairperson: Hung-Fat Tse (Hong Kong), Shinya Goto (Japan)

- Stroke Prevention in Atrial Fibrillation: Where are We now?**
Gregory Lip (UK)
- Apixaban for Stroke Prevention: Lessons from ARISTOTLE and AVERROES**
Shinya Goto (Japan)
- The Selection of Oral Anti Anticoagulant: A Challenge in Clinical Practice**
Michael Ezekowitz (USA)

Combining experience to expand possibilities

Boehringer Ingelheim

Saturday, 5 October 2013 (12 :20 – 13 :50, Room S421)
[147] Luncheon Symposium - New Oral Anticoagulants for Stroke Prevention in Asia: Where are We Now?

- Current Status of Stroke Prevention in Asia**
To be announced
- New Insights from Clinical Evidence and Real World Experience**
Paul Dorian (Canada)
- Resolving Controversies and Maximizing Benefits of NOACs**
Raymond Wong (Hong Kong)

Sunday, 6 October 2013 (12 :20 – 13 :50, Room S421)

[188] Luncheon Symposium - Prevention of Stroke in Atrial Fibrillation: Focus in Asian Patients

- Anticoagulants and Atrial Fibrillation: Clinical Guidelines and Real World Experience**
Gregory Lip (UK)
- Maximising the Benefits of NOACs for Stroke Prevention in Asian Patients**
To be announced

Boston Scientific

Friday, 4 October 2013 (12:20 - 13:50, Hall 5G, Room B)

[087] Luncheon Symposium: S-ICD

Panelists: Hung-Fat Tse (Hong Kong), Takashi Nitta (Japan), Martin Stiles (New Zealand), Shu Zhang (China)

- S-ICD Overview**
Bradley Knight (USA)
- Safety & Effectiveness (Pre-clinical to Real World)**
Andrew Grace (UK)
- Algorithms & Patients Selection**
Michael Gold (USA)

Friday, 4 October 2013 (16:00 – 17:40, Room S421)

[105] S-ICD Live Transmission

More details to be announced

Saturday, 5 October 2013 (12:20 - 13:50, Hall 5G, Room B)

[145] Luncheon Symposium: EP

Panelists: Young-Hoon Kim (Korea), Yoshito Iesaka (Japan), Yan Yao (China)

- MIFI**
Prashanthan Sanders (Australia)
- Rhythmia**
Hiroshi Nakagwa (USA)

Medtronic

Wednesday, 2 October 2013 (08:30 – 12:00, Room S421)

Lead Management Summit

Chairperson: Jin-Long Huang (Taiwan)

- History of Lead Design**
Erick Cuvillier
- Best Practices in utilizing device diagnostics for Lead Management**
David Benditt (USA)
- Factors to consider when selecting an ICD lead**
Laurence M. Epstein (USA)
- Future Considerations in Lead Development**
Jennifer Miller (USA)

Wednesday, 2 October 2013 (13:50 – 17:40, Room S421)

Asia Pacific CRT Experts Summit

Chairpersons: Katherine Fan (Hong Kong), De-Jia Huang (China), Razali Omar (Malaysia), Amit Vora (India)

Keynote Speakers nominations (to date):

- Adaptive CRT**
Ivan Ho (USA)
- New Lead Technology (Attain Performa and Active fixation LV lead)**
David Benditt (USA)
- Block HF, and Miracle EF**
Maurizio Gasparini (Italy)

Thursday, 3 October 2013 (12:20 - 13:50, Hall 5G, Room A)

[027] Luncheon Symposium - Advances in Post-Implant Patient Management

Chairperson: To be announced

- Carelink**
David Hayes (USA)
- Programming CRT to Maximize Pacing**
David Cannom (USA)
- MRI Conditional Devices**
To be announced

Thursday, 3 October 2013 (17:15 – 18:15, Hall 5G)

[056] Cocktail Symposium - Zoom in on New Ablation Technology and Approaches

Chairperson: Mark McGuire (Australia)

- Second Generation Cryoballoon: What Did We Learn?**
Karl-Heinz Kuck (Germany)
- How to Reduce the Recurrence Rate of Cryoablation in AVNRT**
Ngai-Yin Chan (Hong Kong)

Friday, 4 October 2013 (08:30 – 10:10, Room 427)

[066] Emerging Leaders

Panelists: Chu-Pak Lau (Hong Kong), Young-Hoon Kim (Korea), Shih-Ann Chen (Taiwan), Mohan Nair (India)

Friday, 4 October 2013 (10:40 – 12:20, Room 427)
[080] Learn from Expert: Case Based ECG Tutorial
 More details to be announced

Friday, 4 October 2013 (13:50 – 15:30, Room 5421)
[092] Live Transmission
 More details to be announced

Saturday, 5 October 2013 (12:20 – 13:50, Hall 5G, Room A)
[144] Luncheon Symposium: New Technologies and Approaches in Arrhythmia Management

- Chairperson: To be announced*
- Adaptive CRT: Asia Post-Market Study**
Chu-Pak Lau (Hong Kong)
 - New Lead Technology**
Bruce Wilkoff (USA)
 - Evera (Algorithm and Shock Reduction)**
Angelo Auricchio (Switzerland)

Saturday, 5 October 2013 (13:50 – 15:30, Room 427)
[156] The 1st Asia Pacific Women in EP Forum

- Chairperson: To be announced*
- Women in EP – Opportunities, Barriers and the Future**
Anne Gillis (Canada)
 - A Female KOL to Share her Area of Expertise with the Audience**
To be announced

Saturday, 5 October 2013 (16:00 – 17:40, Room 429)
[171] Sudden Cardiac Arrest Symposia

- Chairperson: To be announced*
- What's the Real NNT for Primary Prevention ICD Therapy?**
David Cannom (USA)
 - The Role of Ambulatory ECG Monitoring to Determine SCA Risk in Post-MI Patients (REFINE ICD)**
Bruce Wilkoff (USA)
 - Prevention Experiences in China and India**
To be announced

St. Jude Medical

Wednesday, 2 October 2013 (09:00 – 15:00, Room 5426)
APHRS MiniCourse - Catheter Ablation Certificate Course for Physicians & Allied Health Professionals

- Chairpersons: Shih-Ann Chen (Taiwan), Young-Hoon Kim (Korea)*
- Wide Complex Tachycardia - Differential Diagnosis with Different Pacing Strategies**
To be announced
 - Experience Sharing of Using Long Introducer Sheaths & Irrigated Ablation Caths during SVT Ablation**
To be announced
 - Tips & Tricks: Difficult SVT Ablation – Identifying the Abnormal Pathways**
To be announced
 - Overview of Multifocal Atrial Tachycardia & Treatment**
To be announced
 - Activation and Entrainment Mapping in Macroreentrant AT Ablation**
To be announced
 - Do we Need 3D Mapping for Focal AT Ablation? ECG Algorithm Guided Ablation of AT**
To be announced
 - Transseptal Puncture for AF Ablation – Procedure Steps Tips & Tricks**
To be announced
 - Tips & Tricks: Common Difficulties with PV Isolation Procedure & Understanding of PV Potentials**
To be announced
 - Precise Localization of Outflow Tracts Anatomy based on ECG in PVC & VT OT Ablation**
To be announced
 - Substrate Mapping Alone Enough for Ischemic Ventricular Tachycardia? Significance of Potentials in VT - Systolic Potential, Late Potential, Purkinje Potential...**
To be announced

Wednesday, 2 October 2013 (10:00 – 15:00, Room 427)
AF Mini Course

- Enhanced End Point of Pulmonary Vein Isolation**
Chen-Yang Jiang (China)
- PV Atrium Isolation Guided by Afocus II Catheter and ICE in AF Ablation**
Chi-Keong Ching (Singapore)
- Advanced Ablation & Navigation in the Left Atrium**
Eiwa Zen (Japan)
- VT Scar Mapping**
Yenn-Jiang Lin (Taiwan), Mohan Nair (India)
- St Jude Medical Total Arrhythmia Solution**
Kent Kylo (USA)
- 3D EP Minimal Radiation Fluoro**
Yan Yao (China)
- Mapping and Ablation for Symptomatic but non Sustained AT in Post AF Ablation Patients**
Shu-Lin Wu (China)
- Different Ablation Strategies for Patients with Persistent AF**
Ming-Long Chen (China)
- Advanced Navigation in the EP Lab: Mediguide**
Gerhard Hindricks (Germany)
- Non-Contact Mapping – In-Depth Look into PACE Mapping**
Takeshi Tsuchiya (Japan)
- VT in SHD**
Young-Hoon Kim (Korea)

Wednesday, 2 October 2013 (09:00 – 15:00, Room S226)
Heart Failure Summit Meeting

- Chairperson: Ken Okumura (Japan)*
- High Voltage Lead Performance – A Clinical Overview**
Bruce Wilkoff (USA)
 - Veterans Administration Experience**
Edmund Keung (USA)
 - St Jude Medical HV Design and Performance**
Avi Fischer (USA)
 - CRT State of Play - Clinical Challenges**
Karlheinz Seidl (Germany)
 - CRT Non Responders – Current State of Play**
Bernard Thibault (Canada)
 - Optimal Techniques and Technologies to Improve CRT Efficacy**
David O'Donnell (Australia)
 - CRT Future Technology (Quadra MPP)**
Hung-Fat Tse (Hong Kong)
 - Quadra Clinical Overview**
Paul Ryu (USA)
 - Multi Site Pacing – Future Applications**
Giovanni Forleo (Italy)

Wednesday, 2 October 2013 (10:00 – 15:00, Room S227)
CRM Mini Course

- Utilizing Pacemaker ECGs for Trouble Shooting**
To be announced
- Pacemaker Case – Device Issues or Normal PMT / PVC Response**
Cathy TF Lam (Hong Kong)
- Pacemaker Case – What AT / AF Diagnostics Tell Us**
To be announced
- Pacemaker Case – Management of Accelerated Functional Rhythms with AF Suppression Algorithm**
Haruhiko Abe (Japan)
- Leadless Pacemakers – Clinical Experience**
Johannes Sperzel (Germany)
- ICD Case – Sensing Issues, How to Solve the Problem**
Gary CP Chan (Hong Kong)
- ICD Case – Algorithms to Reduce Inappropriate Therapies**
Takashi Kurita (Japan)
- CRT-D Case – CRT Optimisation**
Pipin Kjudjojo (Singapore)
- CRT-D Case – The Non-Responder, Potential Options (BiV vs Quad)**
Tetsuyuki Manaka (Japan)
- Quadrupole Technology, Current and Future Applications**
Pipin Kjudjojo (Singapore)

Thursday, 3 October 2013 (12:20 – 13:50, Hall 5G, Room C)
[029] Luncheon Symposium - Heart Failure Management

- Chairperson: Morio Shoda (Japan)*
- New Technologies to Improve CRT Outcomes**
Karlheinz Seidl (Germany)
 - CRT MultiPoint Pacing-Managing the Non-Responder?**
Giovanni Forleo (Italy)
 - Remote Disease Management for the Heart Failure Patient**
Katherine Fan (Hong Kong)

Thursday, 3 October 2013 (13:50 – 15:30, Room 5421)
[046] Live Transmission

More details to be announced

Friday, 4 October 2013 (12:20 – 13:50, Hall 5G, Room C)

- [088] Luncheon Symposium – AF & VT Ablation Technologies**
Chairpersons: Shih-Ann Chen (Taiwan), Young-Hoon Kim (Korea)
- Advanced Ablation Technologies for Improved Clinical Outcomes**
Wing-Hong Fung (Hong Kong)
 - New Tools for Complex Arrhythmia Ablation (AF & VT)**
Yan Yao (China)
 - Future Imaging Technologies (MediGuide)**
Gerhard Hindricks (Germany)

Friday, 4 October 2013 (18:00 – 19:30, Room 424)

CRM Congress Scientific Sessions - China Heart Failure Forum (by invitation only)

- Chairpersons: Shu Zhang (China), Dejie Huang (China)*
- Present & future: device-based therapy for HF in China**
Wei Hua (China)
 - Expansion of CRT therapy to patients with Pacing indications**
Wei Xu (China)
 - CRT & Ablation therapies in HF patients with AF**
Ji Yan (China)
 - Clinical evidence for basal pacing in left ventricle**
Liangrong Zheng (China)

Saturday, 5 October 2013 (12:20 – 13:50, Hall 5G, Room C)

- [146] Luncheon Symposium - Cardiac Pacing / Future Technologies**
Chairpersons: Kwok-Keung Chan (Hong Kong), Chun-Chieh Wang (Taiwan)
- New Pacemaker Diagnostics to Improve Clinical Outcomes**
Ashish Nabar (India)
 - MRI Conditional Pacemakers – Standard of Care?**
Chee-Wan Lee (Singapore)
 - Leadless Pacemakers – The Future Today**
Johannes Sperzel (Germany)
